Accelerated MRI Corporate

Accredited Program

Hybrid Delivery
Online Learning + Clinical

Program Overview

The accelerated MRI corporate program provides a full-time training opportunity for existing staff, increasing the staffing compliment of technologists in as little as 28 weeks. Participants will complete 14 weeks of online didactic education through Mohawk College, providing learners with the knowledge, skills and judgement to begin their 14-week clinical practicum facilitated by the sponsoring employer at the learner's home hospital, under the supervision of staff educators. Upon successful completion of the program participants will be presented with a Mohawk College certificate and will be eligible to sit for the board exam. The CAMRT exam fee is not included in the program training fees.

Program Structure

14 WEEKS OF VIRTUAL LEARNING

Learners will participate in 14 weeks of online didactic education through Mohawk College.

REMEDIATION WEEK

The remediation week is an opportunity for learners to assess their progress within their courses and seek additional opportunities for academic support.

EXAM WEEK

Exam schedule will be posted to MyCanvas.

14 WEEK CLINICAL PRACTICUM

Learners will complete a 14-week clinical practicum facilitated by the sponsoring employer at the learner's home hospital location under the supervision of staff educators.
